

Form 7 Malleable Iron Threaded Conduit Bodies - T with Cover & Gasket

Our conduit bodies are available in eight different configurations from one to four hubs, along with ten different trade sizes. The hubs have internal tapered threads to prevent moisture intrusion when used with conduit and fittings with mating tapered threads.

Features

- Tapered threaded hubs - National pipe thread - NPT
- UL listed as concrete tight
- Includes gasket and cover
- 3-way body configuration

Standard Materials

- Gray Iron

Applicable Third Party Standards

- CULUS 514A, File Number: E208392
- NEMA FB-1
