

LevTech Mag Dog 4 Electrician's Conduit Bending Level

Part Number LTE4
UPC 781002859345

Equipped with the markets strongest Xtreme® rare earth magnets, the exceptional quality of the Mag Dog® level ensures a secure hold on conduits of any size. The level can be used on bent conduits to measure within a range of 0°, 30°, 45°, and 90° angles, with corrosion-resistant aluminum, these levels are built to last. The precision laser etching guarantees durability. They come with UV-protected replacement vials and their unique design allows for vial visibility from multiple different angles.

Physical Characteristics

Type	Level
Length (in)	2-1/2"
Width (in)	1-1/4"
Depth (in)	3/4"
Material	Corrosion Resistant Aluminum
Color	Red

Packaging Details

Kit Contains	(1) Conduit Bending Level, (1) Spare Infield Replacement Vial
Standard Qty	1
Sleeve Qty	10
Master Qty	100
Price Per	1
Package Length	5.10
Package Width	8.55
Package Height	1.00
Package Weight	.21
Package Type	Clamshell

Performance Data

Applications	Measures Bending Conduit Ranging from 0°, 30°, 45° & 90°
Special Features	Adjustable to multiple angles: 0°, 30°, 45° and 90°, Grips Onto Any Size Conduit, Patented spring loaded ball bearing point system, Four Xtreme® Rare Earth Magnets, UV Protected Vials Viewable From Three Sides, Permanent Laser Etching on Level, Utility an

Certifications

IGCC	2109
RoHS Compliant	Yes
