

Conduit Support

Universal Strut Clamps EMT, IMC and Rigid - One Piece Design

Topaz's One-Piece Universal Strut Clamps provide a sleek one-piece EZ snap-n-go design that are used to secure EMT, IMC and rigid conduit to a strut channel. UL listed, these steel, zinc plated, strut clamps are designed with strengthened ribs for heavier loads, integral threads on clamp without nuts to save installation time, and include a plastic retainer to avoid accidental loss of the high strength bolt during installation.

Conduit Support

Universal Strut Clamps EMT, IMC and Rigid - One Piece Design

Features

- Strengthening ribs for heavier loads
- For use with EMT/Rigid and IMC conduit
- One piece clean design for easier handling
