

# EALR-7 - E Series - Aluminum Conduit Body - LR Type - Hub Size 2-1/2 Inch

By Killark  
Catalog # [EALR-7](#)

E Series - Aluminum Conduit Body - LR Type - Hub Size 2-1/2 Inch

## Features

- Flat back design for easy mounting close to walls
- Cast of high strength, corrosion and weather resistant aluminum alloy with painted finish
- May be used on aluminum or steel conduit
- Lightweight, makes installation simple
- Ideal for commercial and light industrial applications

## Application

For use on threaded rigid/IMC conduit. Use conduit bodies for making turns in conduit systems, connecting conduit sections, as pull outlets, and to provide openings for maintenance and making taps and splices to conductors.

## Specifications

EU RoHS Indicator                      Contact Manufacturer

## Configuration

Hub Pattern                                      LR

## Dimensions

|                             |                         |
|-----------------------------|-------------------------|
| Height                      | 5.5 in                  |
| Width                       | 6.5 in                  |
| Hub Size                    | 2-1/2"                  |
| Length                      | 18 in                   |
| Gross Weight with Packaging | 5.45                    |
| Dimensions                  | 18 in x 6.5 in x 5.5 in |

## General

|          |                                              |
|----------|----------------------------------------------|
| Color    | Gray                                         |
| UPC      | 783936165363                                 |
| Type     | Conduit Body                                 |
| Material | Aluminum, Copper Free (less than 4/10 of 1%) |
| Series   | E Series                                     |
