

G Series - Replacement Lens Guard Assembly - Red Lens

By Killark
Catalog # [GO15726-R](#)

G Series - Replacement Lens Guard Assembly - Red Lens

Features

- Operators are all aluminum except for certain movable parts which are stainless steel.
- All other parts such as screws are either stainless steel or plated steel.
- Threaded bodies are all 3/4"-14 NPSM thread.
- Control stations can be grouped into a single assembly thus reducing installation time and cost.

Application

For use with G Series custom control panel operators.
