CONNECTIONS DESIGNED FOR CRITICAL CARE

#LegrandImprovingLives

 **legrand**[®]

Delivering Power Right Where It's Needed

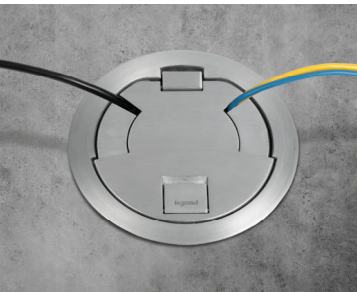

Healthcare is more technology-dependent than ever, and a strong electrical infrastructure is the pulse powering your facility to perform at its best. From patient care spaces to everyday operations, reliable power keeps critical systems, caregivers and experiences connected.

Legrand's electrical wiring solutions deliver dependable power exactly where it's needed to support patient healing, improve staff efficiency and keep facilities running smoothly.

Patient Waiting Rooms and Lobbies

Create a welcoming first impression with streamlined patient check-ins and reliable connectivity with convenient access to power, internet and infotainment. Designed to support both patients and staff, these solutions blend seamlessly into your healthcare facility without compromising aesthetics.

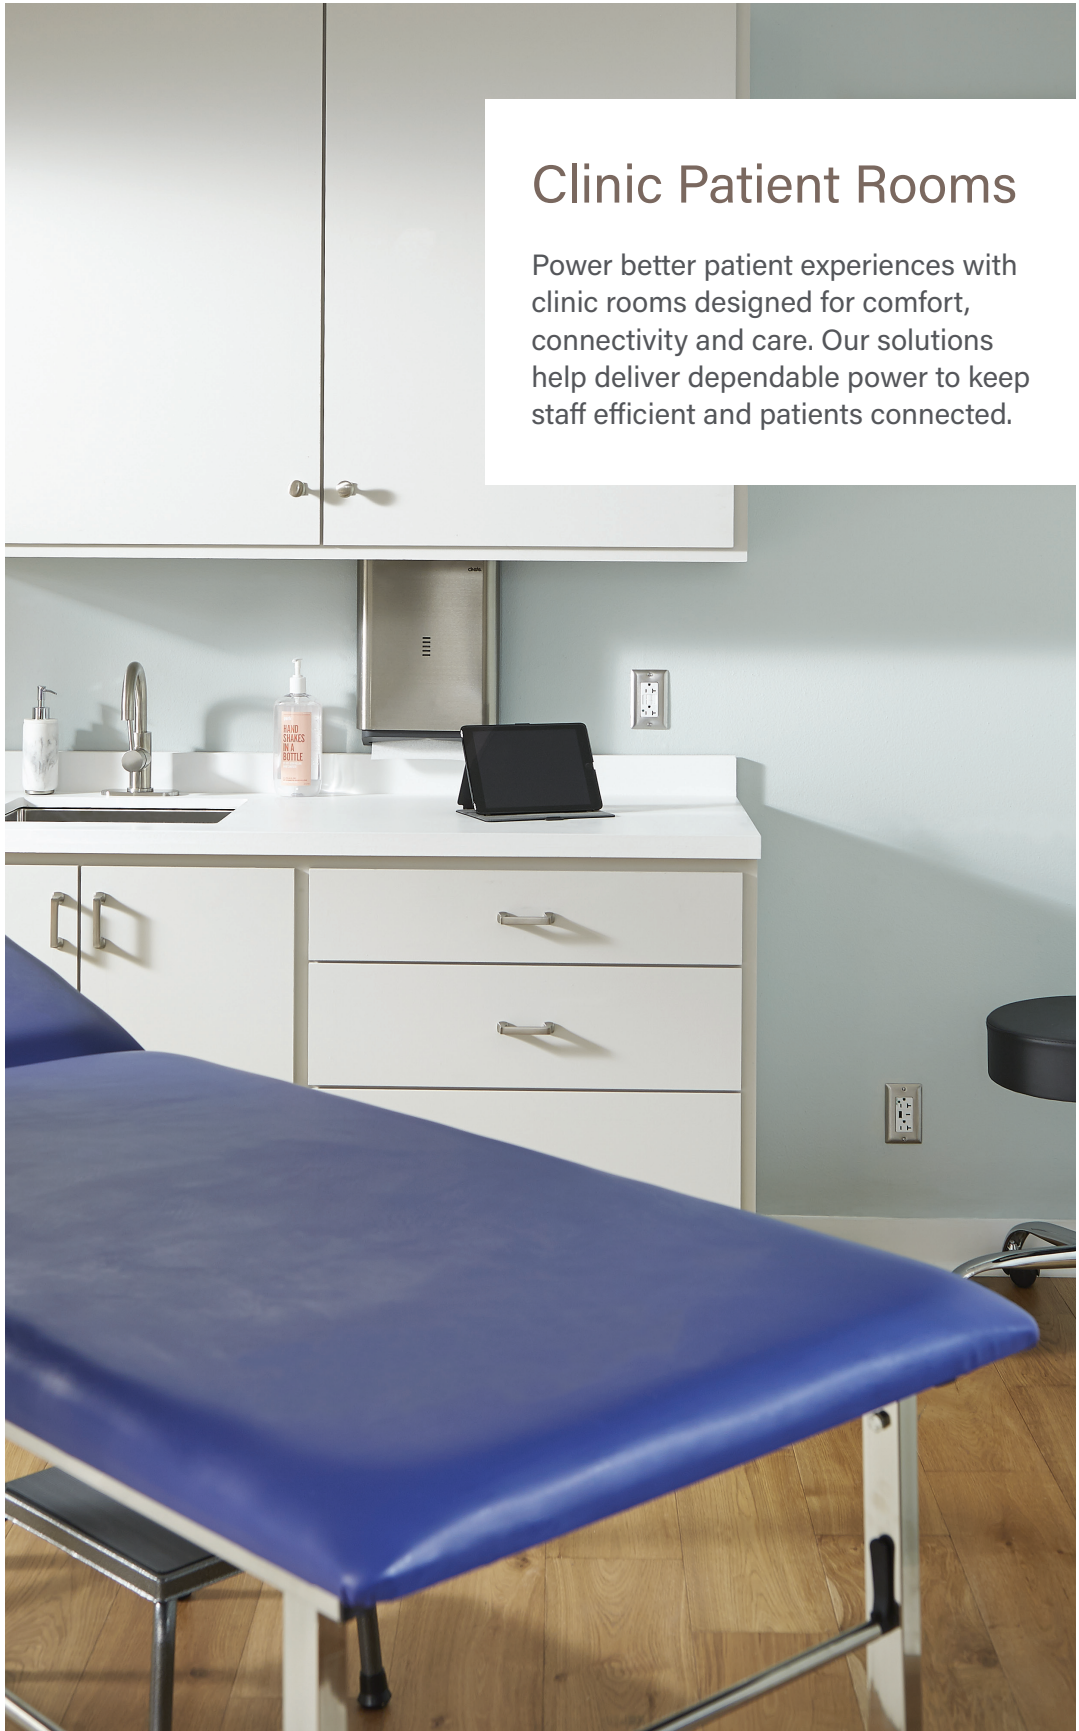

Evolution™ Poke-Thru Devices

65W Hospital Grade USB Receptacle

Why It Matters

U.S emergency departments see more than **130 million visits** each year.

Powering Every Corner of Care

Healthcare facilities rely on more than patient rooms and procedure spaces to keep care moving. From behind-the-scenes infrastructure to fast-paced staff environments, our solutions help deliver safe, dependable power, streamlined organization and the durability modern healthcare demands.

Behavioral Health Spaces

Support safer, more calming environments

65W Hospital Grade USB Receptacle

Mighty Mac™ Behavioral Health Wall Plates

Imaging Rooms

Reliable power and connectivity for advanced diagnostic environments

Wallduct

Prewired Raceway

Nurses' Stations

Keep caregivers connected and workstations streamlined

Hospital Grade Tamper-Resistant USB Type-C Outlet

Plugmold with Hospital Grade Receptacles

Equipment Rooms

Help critical systems stay powered and organized

Plugmold with Hospital Grade Receptacles

Prewired Raceway

Outdoor Spaces That Heal

Healing doesn't stop at the building. Outdoor spaces have become an important extension of modern healthcare facilities, giving patients, visitors and staff a place to recharge and recover.

Our permanent, weather-safe power and connectivity solutions help bring these spaces to life with dependable infrastructure designed for courtyards, healing gardens, walking paths and outdoor gathering areas, delivering comfort and care beyond four walls.

Outdoor Ground Box

Outdoor Charging Station

Outdoor Power Pedestal

Fresh Air. Real Impact.

Spending just **20 minutes** outdoors has been shown to significantly reduce stress hormone levels.
