Frames & Modules

Description	Color	1-Gang	2-Gang
Front loading plate will accept any modules in three unit combinations. Angled fixtures to be used in bottom opening only. See section AA for additional information on Hubbell iSTATION modules. Each gang accepts 3 module units.	Office White	 IMF1OW	 IMF2OW

Modular connectors to be used with any plate with a standard modular opening. Not recommended for use with KP plates. For KP applications use KPIMBZOW bezel and appropriate Hubbell iSTATION modules located in section AA. See section AA for additional information on modular connectors.
