## Wall Phone Plates

The stainless steel 630 series wall phone plates have been designed for use with wall mount telephones. The 630 series phone plates provide corrosion-resistance, durability and will mount to any standard single-gang box.

The 630 series wall phone plates are available in 2 styles and 6 variations: a flat, flush mount style and a slight recess style. The flat style allows our HD series (6-position USOC) and HD5E series to flush mount with the plate. The slight recess allows the HD jack to extend out from the plate and mate with the phone's sliding rail plug.

### FEATURES

- Studs mounted in standard positions to accommodate any standard wall phone
- Mounts to any single-gang wall box, universally accepted
- Accepts 2 phone styles: flush or semi-extended jack mount
- Keystone opening accepts HPW HD series jacks
- Fast and easy to install - cost effective

### SPECIFICATIONS

- ◆ Material: 430 stainless steel
- ◆ 6-position jack: Hubbell Catalog No. HD26U4 - USOC RJ25 with printed circuit board (UL Listed, CSA certified)
- ◆ 8-position jack: Hubbell Catalog No. HD5EB4 - T568B wired, Category 5e with printed circuit board (UL Listed, CSA certified)
