

REBOX Cabinet Expansion Kits

Hubbell's REBOX® Expansion Kits offer flexible, modular solutions that eliminate the need to replace an entire cabinet.

Easily upgrade existing REBOX cabinets to add two additional rack units of equipment capacity for evolving network requirements. Designed for fast retrofitting and minimal disruption, each kit includes a deeper door and expansion brackets that extend cabinet depth while maintaining a clean, low-profile footprint.

Benefits

- Retrofits existing REBOX cabinet lines
- Increases depth to approximately 15", adding 2RU equipment capacity
- Clean and low-profile appearance
- Wide range of accessories enable customized use
- In-place upgrades reduce downtime and cost
- Includes a 5.25" deeper door and 7U bracket upgrade kit
- Available kits for all REBOX options
- Improved ventilation for better airflow

Material

- Cold rolled steel with durable powder coat finish

Specifications

- EIA-310-E compliant, designed to meet NEMA 2, Tamper Resistant per GR-487-CORE, meets TIA 569

REBOX® Expansion Kit
