## TeSys Deca thermal overload relays - remote electrical stop - 110V DC/ AC

LAD703F

### Main

|                                    |                                                                            |
|------------------------------------|----------------------------------------------------------------------------|
| Range                              | TeSys                                                                      |
| Product or component type          | Electrical remote stop                                                     |
| Device short name                  | LAD                                                                        |
| Accessory / separate part category | Electrical accessory                                                       |
| Product compatibility              | LR3D01...D35<br>LR3D313...LR3D365<br>LRD01...35<br>LRD313...LRD365<br>LR9G |
| [Uc] control circuit voltage       | 110 V AC 50/60 Hz<br>110 V DC                                              |

### Complementary

|                            |           |
|----------------------------|-----------|
| Maximum inrush power in VA | 100 VA    |
| Inrush power in W          | 0...100 W |
| Net weight                 | 0.09 kg   |

### Packing Units

|                              |           |
|------------------------------|-----------|
| Unit Type of Package 1       | PCE       |
| Number of Units in Package 1 | 1         |
| Package 1 Height             | 5.200 cm  |
| Package 1 Width              | 4.800 cm  |
| Package 1 Length             | 4.800 cm  |
| Package 1 Weight             | 106.000 g |
| Unit Type of Package 2       | S01       |
| Number of Units in Package 2 | 32        |
| Package 2 Height             | 15.000 cm |
| Package 2 Width              | 15.000 cm |
| Package 2 Length             | 40.000 cm |
| Package 2 Weight             | 3.568 kg  |

### Contractual warranty

|          |           |
|----------|-----------|
| Warranty | 18 months |
|----------|-----------|

Disclaimer: This documentation is not intended as a substitute for and is not to be used for determining suitability or reliability of these products for specific user applications

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.
